**Subject:** Letters from EPA

Hi Alice,

I am the primary contact for the Diamond Alkali Correspondence. Previous to this it was John Cordani. Looking at a letter that was received here on August 3, 2017 it references a few letters that I have not been able to find. I assume they were sent to Mr. Cordani and are now perhaps misfiled. I was wondering if you could e-mail these to me. They are as follows:

Letter dated March 31, 2016 notifying us that Canning Gumm is a PRP.  
Letter dated March 30, 2017 notifying us that the agency had identified for immediate settlement those parties that are not associated with a disposal or release of any of the contaminants” etc.....  
Letter dated May 17, 2017 informing us that the agency would not expand the number of parties eligible for an early cash out settlement.

If you could e-mail those to me it would be greatly appreciated.

Thank you Alice.

Rich
